**MANAGEMENT OF RESIDENCES FOR FOOTBALL - SOCCER PLAYER**

PSM

# The Company - Corporative Vision

- PSM is an independent Marketing Consulting and Residency Management company for international athletes.
- Started its activity in 2012 by developing activities aimed at children, designing spaces for educational recreational activities in shopping centers.
- Since 2017, a new business unit has been developed, starting the Residences project to accommodate displaced children and youth from different parts of the world. This project is aimed at covering the stay in Madrid of athletes from different parts of the world.
- The objective of PSM, is to offer specialized professional services of high quality to clients, users and athletes that allow a high degree of comfort, safety and well-being during their stay in our country.

PSM

# The Services

- In the field of Residences management, PSM offers a comprehensive service throughout the extra-sports part, in order to facilitate the stay for athletes, and offer security and transparency, both to the Club and their families
- High standing residences in areas close to the Club's sports facilities
- Accommodation in double rooms with full board
- Laundry service
- Documentation management of athletes before local, regional and state institutions
- Transportation documentation management
- Registration management for extra sports activities

PSM

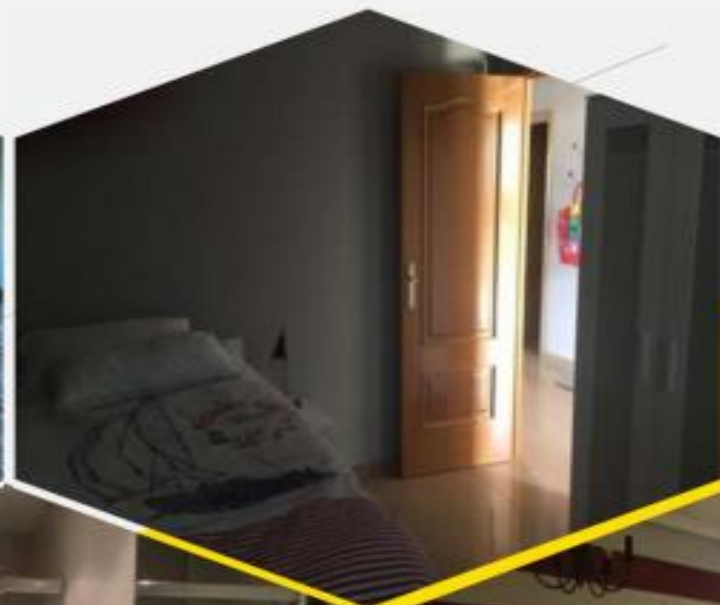

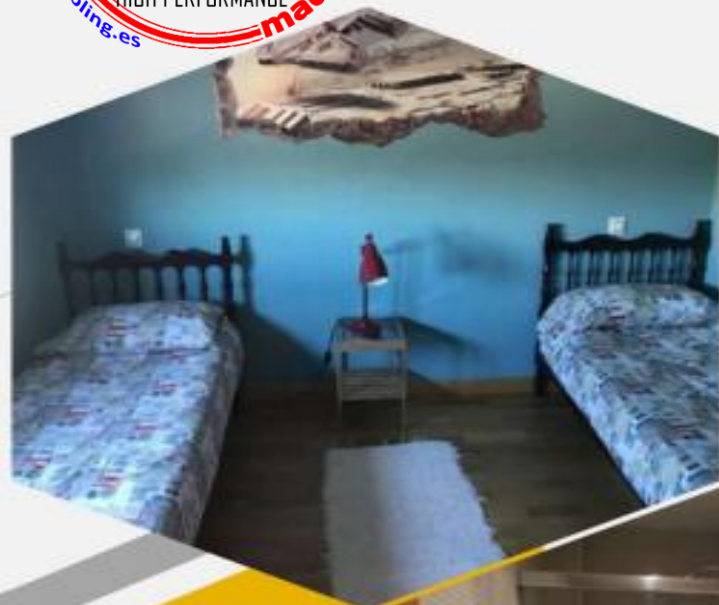

## Management – The Facilities

Last year 2018 began the activity, currently having 2 Residences in operation with capacity for 28 athletes, 16 of them long-term, and the rest destined for short-term stays.

These are 2 villas located in the municipality of Arroyomolinos, which have a living room, multipurpose room, 4 bedrooms, kitchen, 4 bathrooms, attic, laundry room, and large outdoor garden. It also has CCTV, Wifi free service and TV with digital platform with cinema and sports channels.

The 3rd Residence will soon be open to cover a new group of young people.
